National and International Open Call for Tenders with Minimum Capacity Requirements Nº 05 /DG/DCUS/ ANF/2023

The National Frequency Agency (NFA) launches an open call for tenders with minimum capacity requirements for the acquisition of two (02) frequency spectrum analyzers in two (02) lots, composed as follows:

- Lot 01: One (01) table-top frequency spectrum analyzer covering the frequency range from 9 kHz to 300 GHz;
- Lot 02. One (01) compact portable frequency spectrum analyzer covering the frequency range from 8 GHz to 150 GHz.

Tenderers may bid for one (01) Lot, or for both (0?) Lots

This call for tenders is only intended for manufacturing companies, authorized integrators and distributors specialized in providing such equipment who have carried out at least one (01) similar project, duly justified by a certificate of good execution.

National bidders must provide a valid "Typel approval" in accordance with the regulation of activities involving sensitive equipment.

Compagnies interested by this call for tenders can withdraw the tender specifications, by a duly authorized representative, at the National Frequency Agency, 04 Boulevard Krim Belkacem - Algiers Algeria ,upon payment of non-refundable sum of five thousand dinars (5,000 DA) payable to the account CCP Nº 0007882929, key 19 of Agence Nationale des Fréquences

The tender must include the application file, a technical offer, and a financial offer in line with what is required in the specifications. The application file, a technical and a financial offer, should be enclosed in separate and sealed envelopes clearly marked "application file" "Technical tender" and "Financial tender" with the name of the company, the reference and purpose of the call for tenders. The three envelopes must be inserted in a single envelope.

The outer envelope containing the application file and the Technical and Financial tender must be strictly anonymous, and shall only bear a label stating:

«To be opened only by the opening committee»
