Notice of Open National and International Tender With Minimum Capacity Requirements
N° 02/ANF/DG/DSRMA/2024

In application of the provisions of Article 35 of the procedure for the award of contracts and orders of June 2, 2019, the National Frequencies Agency is launching an open call for tenders with minimum capacity requirements for the "acquisition, installation and Bringing into use of NAVTEX transmission system".

This Call to tenders is addressed to manufacturers and integrators of radiocommunication systems, to their representatives or distributors, who have already carried out at least two projects similar to the present Invitation for tenders, justified by certificates of good execution.

National bidders must have "type I" approval relating to the activity linked to the import, export, manufacturing, sale, installation, maintenance and repair of sensitive equipment.

Bidders participating in this call for tenders must undertake to provide after-sales service and technical support at the local level for a minimum of five (05) years after the end of the warranty period.

The Terms of reference and tender specification document is available for collection, by the tenderer or his duly appointed representative, from the National Frequencies Agency at 04 Boulevard Krim Belkacem, Algiers, upon presentation of a receipt for payment of the non-refundable fees of five thousand dinars (5 000 DA), to be transferred to the current postal account CCP number 0007882929, key 19, opened in the name of Agence Nationale des Fréquences.

The offers must include an application file, a technical offer, and a financial offer. In accordance with Article 20 of the terms of reference.

The application file, the technical offer, and the financial offer are inserted in separate and sealed envelopes, indicating the company name, reference, and the subject of the call for tenders, as well as the mention "Application file", "technical offer", or "financial offer" as appropriate.

The three envelopes are inserted in an anonymous envelope, with the following mention :

Notice of Open National and International Tender With Minimum Capacity Requirements
N° 02/ANF/DG/DSRMA/2024

« acquisition, installation and Bringing into use of NAVTEX transmission system »
« not to be opened except by the tender opening and evaluation committee »

The offer preparation period is set at forty-five days (45 days) from the date of the first publication of the call for tenders in the BOMOP or in the national newspapers.

The deadline for submitting offers is the last day of the offer preparation period, from 8:00 to 12:00. If this day falls within a public holiday or a legal holiday, the offer preparation period is extended to the next working day. No offers will be accepted after the deadline for submitting offers.

The validity of the offers is set at three (03) months from the date of submission of the offers.

The opening of the envelopes in a public session by the ANF's opening and evaluation committee will take place on the same day as the above-mentioned offer submission date at 14:00, in the presence of the tenderers or their representatives.
